WINE DESCRIPTION

Produced using the ancestral method, this Pet Nat finalises the fermentation of natural sugars in the bottle, in a process similar to sparkling wine.

Its richness and complexity result in an exclusive edition, launched in December 2023, a rich and complex wine, refreshing, with a soft and delicate bubble.

It has been made the “dégorgement”, like champagne process, due to the accumulation of lees resulting from its prolonged ageing.

It should be consumed at a temperature between 6°C and 8°C.
