Volcanic, little depth and
little presence of skeleton

EXPOSITION

East

ALTITUDE

700 mts

YEALD IN GRAPES

PER HECTARE

55 quintals

HARVEST PERIOD

First half of the month
of October

WINEMAKING AND REFINEMENT

Winemaking in traditional
red wine handled with
wine barrels open with
punching-down; lenght of
maceration of 8/10 days;
refinement (11 months)
in French oak barrels in
second or third passage.
The alcoholic fermentation
is led with selected yeasts.

PAIRINGS

Starters of raw meat
(excellent with tartare),
entrees of vegetables or
meat, main dishes of white
meat or grilled red meat,
mildly seasoned cheese.

ORGANOLEPTIC DATA

Ruby red colour. Elegant
in terms of smell, complex,
with hints of ripe fruit and
cherry, balanced and
pleasantly persistent with
soft and silky tannins.

RECOMMENDED TEMPERATURE

16–18 °C
